

Allen African Methodist Episcopal Church

January 5, 2019

Mr. David Brenton
Air Quality Remediation
Delaware

Dear Mr. Brenton:

I want to take a few moments to let you know what a great job I feel your employees have done in volunteering to help our church with cleaning our air ducts. Many times there is more work to be done than there are resources to do it.

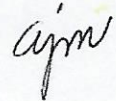

The willing attitude of Mr. John (Tim) Cannon, Mr. Mark Burris, Mr. Derriek Brenton and Mr. William Stanford is an encouragement to the body of Christ at Allen A.M.E.Church. Their expertise in air quality is beneficial in ensuring that our congregation is both breathing cleaner air and getting maximum capacity from our heating and air conditioning unit as we strive to be about our Father's business.

I want to thank you and your crew for the way you have demonstrated your willingness to be "your brothers keeper!" It is our desire to see the Lord return abundant blessings to you and the crew for the generosity they have shown with their time.

With appreciation,

Rev. Angelique Mason and the
Allen family
